

Associazione "Insieme per la Musica" Castelleone

VI HARP MASTERCLASS WITH ORCHESTRA

Teacher: Isabelle Perrin

Castelleone (Cremona), June 7th – 13th 2010

The Masterclass is suitable for qualified harpists or whomever has already completed a cycle of harp studies in a music Academy or a recognized School of Music and wishes to improve their expressive technique and abilities. This course is open to harpists of any nationality without age limits.

The registrations are for a fixed number of musicians and only effective students will be previewed. The admission to the Masterclass requires an evaluation of the curriculum vitae.

Organization. The masterclass will be structured to study the scheduled musical pieces from a theoretical, technical and expressive point of view. The pieces for the harp and orchestra will be studied with musicians from the Orchestra "Valerio Boldi", under the responsibility of the official conductor, or with an accompanying pianist. It is obligatory for the students to possess the musical sheets indicated in the course program; photocopies are not admitted.

Competitions. Those students who are interested in participating to harp competitions will have the chance of studying and performing the scheduled pieces, by previous agreement with the Teacher and (in the case of pieces with the orchestra) with the Conductor, to whom the scores and the parts will have to be sent not later than forty days before the beginning of the Masterclass itself.

The Harp suppliers are "Salvi Harps."

Study Program. Each student will have to present at least three pieces of harp, with or without orchestra, possibly taken from the repertoire of the Baroque, Romantic, Impressionistic and Contemporary Period.

Public exhibitions. Final concert. It is the intention of the promoting association to organize one or more "musical offerings" and/or "open lessons" to a small public of interested audiences. At the end of the Masterclass all the suitable students will perform a public concert with the participation of the orchestra.

Entrance fee: €650,00. (The pupils subscribing with the purpose of preparing with the teacher pieces for the solo harp, without the orchestra, will pay € 550,00).

Registration rules. Applicants will be accepted that reach the association organizer by **May 10th 2010**. The attached form must be filled in and sent to the association address "Insieme per la Musica" (v. registration card) by priority mail, by fax or by e-mail. Contextually an amount of €150,00 must be paid through a bank credit transfer or a non transferable cheque. The balance will be paid on the first day of the course.

Languages: Italian, French, English, German.

Certificates and prizes. At the end of the course every valid student will obtain a participation certificate. The students who have particularly distinguished themselves may be called to the attention of different musical institutions, with a proposal of participating in the concert season.
